Commitment to Quality

Quality is uncompromised within our company. Equipped with state-of-the-art machinery, our plant has an extensive research and development division employing highly trained individuals who have their pulse on the ever-changing personal care needs of our consumers.

ReeBonn Lanka (Pvt) Ltd

The personal care category within Sri Lanka is highly competitive with many local and international brands vying for the attention and brand loyalty of customers. At a time when international brands present in the local market were absent in the natural and herbal segment, we capitalised on this opportunity by tailor-making our products to cater to the herbal segment.
